NEXT STEPS

- Mentorship committee reviews potential mentee and mentor applications to identify a match
- Mentors are invited to a 90-minute WCC Mentor 101
- Potential mentors and mentees are matched, sign the WCC Mentorship Program charter, and WCC continues to check in to ensure things are progressing
- WCC captures participation in this program within the member profile

PREPARATION CHECKLIST

- I understand that applying to the WCC Mentorship Program does not necessarily guarantee the Mentorship Committee can identify a suitable match.
- I am able to commit to meeting with my mentor and determine dates/times that work for both of us.

- I understand that this process belongs to the mentee and in doing so, I will take ownership of arranging meetings, and provide my mentor with an agenda to review in advance.
