

Managing Your HR Risk

What if a Ministry of Labour inspector showed up at your workplace, are you ready? What are the dangers of using AI in your recruitment process? Join us for important information about your HR practices.

What we will talk about:

- Determining your Workplace Requirements
- Tips to Improve Your Hiring Process

Presented By: Chantal Williamson, iHR Advisory Services

Chantal is a human resources expert with over twenty years' experience, previously working with premium brands and top employers, such as BMW Group Canada and Starbucks Coffee Canada. Most recently, she led the human resources department in a high growth, electric vehicle, start-up organization. She is passionate about creating and implementing people-focused programs and strategies that drive the success of the business, together with employee satisfaction. iHR provides practical outsourced HR solutions which are customized to your needs.
